

ELECTRIFICATION BROCHURE

POWERING THE APPLICATIONS
OF THE FUTURE

QUALITY

You need to protect your customers' and your brand's reputation by using the highest quality products.

EXPERTISE

You're the expert in your products; let us be the expert for your interconnects.

SPEED

In your world, you need products quickly without any lost production time.

CONVENIENCE

Low or no minimum order quantities. From prototyping to full scale production, we're ready to meet your needs.

PEI-Genesis maintains an AS9100C:2009 and ISO9001:2008 certified quality management system at its corporate headquarters in Philadelphia, PA, and at production facilities in South Bend, IN; Chandler, AZ; and Southampton, UK. PEI's Zhuhai, China facility achieved AS9100D and ISO9001:2015 in September 2017.

IN THE MOST RUGGED ENVIRONMENTS

PEI-Genesis has a wide range of high reliability, high power connectors to create a custom solution with the brands that you trust.

MANUFACTURERS

PEI-Genesis is an authorized distributor for the premier brands in the industry.

High reliability military and
commercial interconnects

cannon veam

Amphenol®

Aerospace, Alden, Air LB,
Canada, Industrial, Infocom,
LTW, Oil & Gas, PCD, RF, Sine,
Socapex, Tuchel, UK Ltd.

High reliability connectors
and cable accessories for
aerospace, military, and
industrial applications

Variety of D-sub rectangular
connectors, including high
density, and hermetically
sealed options.

Interconnect products for
aerospace, transportation, military,
and commercial applications
including Fibreco

High current, quick-disconnect
power connectors for material
handling, telecommunications,
power electronics, and more

High quality push-pull
connectors, tools, and
accessories.

High performance, high reliability
interconnect solutions for harsh
and rugged environments

Heavy-duty electrical and
electronic connectors, device
terminations, backplanes and
network components

PUT YOUR DESIGN AND ASSEMBLY IN THE HANDS OF THE EXPERTS

TECHNICAL EXPERTISE

- Application and Design Engineers on staff with years of experience
- Field Application Engineers available for on-site support

ENGINEERING DESIGN SERVICES

- Extensive experience in EX hazardous zone design
- Industry experience developing cable harness designs for harsh environments of aerospace/aviation, oil & gas, rail/mass transit, industrial, and military

HIGHEST QUALITY STANDARDS

OUR ENGINEERS WILL CREATE A CUSTOM SOLUTION TO MEET YOUR UNIQUE REQUIREMENTS

- Proven documented process
- Collaborative development
- Rapid prototyping
- Modular tooling – standard overmold platform
- Extensive inventory of connectors and accessories

PEI-Genesis Customer Process

ENGAGE

Whether you meet with a PEI Sales Expert OR visit www.peigenesis.com, we'll get you the right solution, fast.

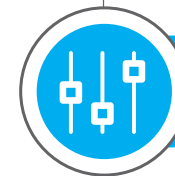

RESEARCH

Access our online resources, 24 hours a day / 7 days a week, or contact an Applications Engineer: techsupport@peigenesis.com

SOLVE

We will work with you to identify the solution that meets your needs.

OPTIMIZE

Our work is never done. We will work with you to continue to optimize your solution.

APPROVE

We make sure all technical specifications, quotes, timing, and quantities are approved by you.

MANUFACTURE

We build your order to your specifications with precision and speed.

Corporate Headquarters, Philadelphia, PA

North American Production Facility, South Bend, IN

European Headquarters & Production Facility,
Southampton, UK

Production Facility, Zhuhai, China

FilConn, Chandler, AZ

PEI-Genesis has sales offices throughout the Americas, Europe and Asia.
